

FUNDRAISER Option 4

Host a Weekend

Make money for your charitable cause distributing discount passes at all your events. For every pass received we will donate \$2 to your organization or the organization you are supporting. For only \$10 the pass entitles the bearer to 1 admission including their choice of rental (inline or roller skate), a fountain drink \$2.50 or less or a bottle of water. Saving them 20% off regular prices.

All your organization would need to do is distribute the discount passes. The pass would entitle the bearer to 20% off regular prices. We would track these discount passes with a code or the organization listing. Every month we would tally up the number of passes received and donate \$2 for each **Charity Support Slips** received.

This is a great fundraising program that cost you nothing. We would provide your organization with the Charity Support Slips at no cost; as well there are no minimums to meet in order to receive a donation from Sportsworld.

It's up to you how often you wish to fundraise with the program; monthly, every other month, or on an annual basis. This program is available to all schools, charity groups, churches, community leagues, sports teams, guides, scouts, and even groups of employees that need to raise funds for staff events. The program may be customized to provide maximum results. This option can be customized to provide maximum results. If you have any questions or would like to sign up for a program, please call our office @ 472-6337 so we can get your organization started.
